10
million
candidates
across India

The first Pay-per-Module, Pay-per-transaction model for a Uttar Pradesh Power Corporation

The world's first location and specialist-agnostic cancer care treatment on Private Cloud

- Client subscribes to the software rather than buying it.
- Single dashboard serves all patient information across the networked hospitals.
- Records are permanently archived
- Facilitates the use of evidence-based protocols and tools
- The patient can go to any of the networked hospitals.
- Case referred to a team of doctors all empanelled on the same platform.
- The Sr. Doctor can direct the schedule and the quantity of the radiation to the team at the location.
- Makes both the patient and doctor location-agnostic.
- Scheduling of treatment is no more Doctor-dependent

Treatment unit connected to Offshore DC by dedicated dark fibre
